ALAN KAY

SURVIVALIST

TRU-SPEC® is proud to announce that Alan Kay, winner of History Channel's *Alone*, is now part of the brand's family. Kay, who starred in and won the inaugural season of the survival show, serves as a corrections officer and survival expert, and will promote the **TRU-SPEC®** and **5IVE STAR GEAR®** brands through various brand initiatives, marketing and appearances throughout the year.

Kay spent most of his childhood in the forests of Georgia, building forts and honing his skills. After some time, his knowledge became so vast that he could successfully survive in virtually any environment. In an effort to increase his understanding of edible and medicinal plants, Kay sought out and studied under several different educators. He also spent time developing proficiency in the combative arts, including barehanded, stick and knife fighting. In his role as a corrections officer, Kay has been trained in tactical medical care.

R. Lee Ermy

AN AMERICAN ICON

R. Lee Ermy served 11 years active duty with the U.S. Marine Corps. He rose to the rank of staff NCO, served two years as a drill instructor and a tour of duty in Viet Nam. Medically retired in 1971, he used his G.I. Bill benefits, and enrolled at the University of Manila in the Philippines where he studied drama. Now after more than 30 years in the business, he is one of the most successful and talented actors in film and television today, having starred or appeared in over sixty feature films and recently releasing his new book *Gunny's Rules: How to Get Squared Away Like a Marine*.

Ermy continues in his long time role as spokesperson for the Young Marines Youth Organization. He makes numerous personal appearances on behalf of law enforcement and the military. In addition, he has made several trips to the Middle East in support of our troops during our Middle East efforts.

TRU-SPEC® is proud to have such a great American as their Spokesperson!
